**BAROUD**  
OFF ROAD TENTS  
*season proofed*

At **James Baroud**, we continually strive for perfection. Our passion for innovation in tent design has now culminated in the release of the **world's first 'soft shell' roof top tent** to have a hydraulically assisted set-up and stow mechanism: the **Vision Horizon**.

The **Vision Horizon** retains the excellent design and smart features James Baroud tents are famous for, but is **significantly lighter** than traditional hard shell tents due to its **strong all-aluminium frame**. The high quality tent **fabric reflects the sun's rays and is fully waterproof**, whilst four large windows offer excellent ventilation and **360 degree panoramic views**. The Vision Horizon can be fitted to the roof racks of most vehicles and can be set up on either side.

With its superior craftsmanship, low weight and compact size, the **Vision Horizon** is the perfect roof top tent for those who want to spend their time enjoying the great outdoors –not setting up camp.

**\* 3 years  
guarantee on  
floor, canvas and  
mechanism**
